“Caught in the Act of Doing Something Right”

Ms. Debi Hickingbottom, DeCA Procurement Coordinator, Coastal Pacific Food Distributors (CPFD) By DeCA Okinawa CDC (IMS) Mr. Scott Holt”

It is with great pleasure we recognize a true "team player" in Ms. Debi Hickingbottom for her outstanding support of the Okinawa CDC. Ms. Hickingbottom coordinates deliveries of weekly perishable and semi-perishable orders, holiday packages, special orders, coordinates changes in the ordering schedules and reordering items delayed in transit while all the time keeping close communication with the CDC's. As if this was not enough, Debi also provides constant updates on delivery delays, verification of questionable quantities, and product availability. All this talent is provided on not only Okinawa, but the entire Far East. Debi Hickingbottom support is indicative of her commitment to provide the highest quality of service in supporting the military, families, and DOD community. Many thanks to Ms. Debi Hickingbottom for her outstanding support of the Defense Commissary Agency. Truly "Caught in the Act of Doing Something Right."
