CPFD Adds Customer Service Email Address

Stockton, CA – CPFD Stockton has added an email address to send manual commissary and exchange orders as an added service for our valued customers. The email address is StocktonCustomerService@cpfd.com and is available now to better serve you.

The new email address is monitored by all members of the Stockton Customer Service team to ensure your orders are processed and shipped in a timely manner. It is recommended that customers use this email address to send CPFD Stockton manual orders to instead of to an individual's email within the company.

CPFD's Customer Service teams are committed to delivering outstanding service for our Brokers, Manufacturers as well as commissaries and exchanges. With that in mind, we are constantly reviewing and improving our processes, seeking better solutions to deliver the best customer service possible. Establishing a Stockton Customer Service specific email address in addition to the one already in place for Ontario (OntarioCustomerService@cpfd.com) is another positive step in the process. Let us know how we can better serve you in the future!
