“Sushi Success Continues to Roll”

Contributed by Jeff King

First Guam, now Okinawa, sushi is a hit with customers of all ages. CPFD's recently launched sushi program at Camp Foster, Okinawa was a day of excitement, raffle prizes and great sales. Frank Pecoraro and Marilyn Leong were on hand for the opening and watched the frenzy of shoppers, including children; greet the program with open arms. Sales at Foster are averaging \$2,500 per day and with Kadena's grand opening scheduled for May 17th, sales are expected to be even larger. The rollout of operations will continue into mainland Japan next month and into Korea later this year. The response has been overwhelming and we will continue to make this new endeavor successful.
